

## Orchid Symphony: Third Movement Lecture

### Event Date:

Sat, Apr 05, 2014

**Todd Brethauer, USBG Science Education Volunteer**

With their ability to successfully hybridize across species and even genus lines, orchids provide breeders a remarkable pallet from which they have produced more than 100,000 varieties to delight our eyes and noses. Come learn about how modern technology has revolutionized orchid production bringing plants to your local retailer for only a few dollars. The lecture will highlight examples from the enormous Epidendroid subfamily of orchids from around the world and finish with a discussion of growing orchids in your home.

Date: Saturday, April 5

Time: 10:30 a.m. to 12 p.m.

Location: Conservatory Classroom

FREE: Pre-registration required
